

# NORTHWICK PARKSIDE Development Newsletter

Welcome to the first edition of the Northwick Parkside Regeneration Newsletter from Countryside Homes.

## Construction Update

- ❖ The first parts of Block C4 are now being prepared to open to the public in June. The junction works are finished, and only the final planting still needs to be completed.
- ❖ Final checks and finishing touches to Block C4 are underway as we prepare for the first block handover.
- ❖ Our next crane will be removed from site on 18th April now that the external façade is complete to Block C3.
- ❖ Offsite water connection works have been complete by Affinity Water with no remaining offsite utilities works required.
- ❖ A new access route from Northwick Park to the hospital, shown on the map, is expected to open in May.

## New Benches, Brighter Garden!

The central garden at Northwick Park & St Mark's Hospital has had a lovely refresh thanks to the generosity of our subcontractors. After launching an appeal for help replacing the worn-out benches, Eco Green Group and TC Carpentry Contractors Ltd stepped forward to donate two new picnic benches and two seating benches—bringing comfort back to a space used daily by staff, patients and visitors.

During the handover on the 18th March with our partners at Cultivate London, it was great to see the new benches already being put to good use in the spring sunshine. It's a simple change that's already making a real difference to wellbeing. A huge thank you also goes to LNWH Charity, the Vistry team and volunteers from Grndon who helped sand, varnish and brighten the garden.

This teamwork is helping improve biodiversity and create calm, colourful spaces where the hospital community can relax and connect with nature, and we look forward to building on this positive impact across all our sites.

## Help Shape our Newsletter

If you or your neighbours have any ideas, thoughts or suggestions on what you would like to see from this quarterly newsletter by Countryside then please let us know at [northwick.park@vistry.co.uk](mailto:northwick.park@vistry.co.uk)

## Employment Training and Support

Meet Paige Reeves, the Employment and Skills Coach for SNG covering London. Her role is to support residents into work, whether you're just starting your journey, returning to employment, or looking to grow your skills.

Since launching this service in London, Paige has supported residents into roles across construction, finance, teaching, HR, customer services, and more, working closely with partners to connect residents to employment and placement opportunities. One example is Reneil, who completed a programme with Wates and is now progressing through his electrician apprenticeship, a fantastic achievement!

Her service is part of SNG's wider Support for You offer, which helps residents thrive. Support includes debt and welfare advice, digital and financial inclusion, employment support (such as pre-work coaching and in-work guidance), and grants for digital access, financial inclusion, getting into work, or starting a business. To find out more, visit: <https://www.sng.org.uk/customers/support>

If you feel you could benefit from any of this support, simply email [supportforyou@sng.org.uk](mailto:supportforyou@sng.org.uk), or call 0300 5000 926.
